The Tournament Manager features an added element of surprise, where a flaming bar or free games symbol that lands on a payline lights a Burnie head on the reel divider that is then collected into the Heat-O-Meter.

During tournament play, wins are multiplied by 1X, 2X, 3X and 5X on a set time schedule during the tournament, keeping players engaged and building anticipation.

Players pick symbols in hopes of accruing the most points during tournament mode, increasing participation with the entire gaming machine and adding a new dimension of play that brings heightened energy to your tournaments.
